BIO

Damnette is a post-apocalyptic “90s Bad Girl” on an End-of-the-World mission! With heat-generating and weather-manipulating mutant powers, she also shoots white-hot laserbeams from her multiple sets of eyeballs.

While Damnette is a totally bad ass like all the best 90s Bad Girls always are, a poor dual brain mutation leads to some preposterous dialogue choices. And she is also often prone to debilitating wardrobe malfunctions. But Damnette doesn't care!

JAMES' NOTES

Ken totally loves trashy comics like TAROT and Danzig's VEROTIK books, as well as the giant boob wearing Jimbo The Drag Queen, so when he rolled “Enlarged Body Part” I knew exactly what he was going to have me draw! Her look is inspired by Wendy O. Williams, Marshal Law, and me asking “Okay, who would Danzig really want to fuck?”
